PREMIUM LIGHTING

MELLOW PLUS

PREMIUM LIGHTING

About Company

Mellow Light, a leading company in the lighting industry, celebrates its remarkable 20-year journey of providing top-quality lighting products to a wide range of clients, including corporate offices, residential houses, and distributors. One of the key factors that sets Mellow Lights apart is its commitment to delivering cost-effective products without compromising on quality. By offering competitively priced lighting solutions, Mellow Lights ensures that customers receive excellent value for their investment.

Moreover, Mellow Light prides itself on maintaining strong customer relationships. The company understands the importance of listening to customers' needs and providing solutions that meet their specific requirements.

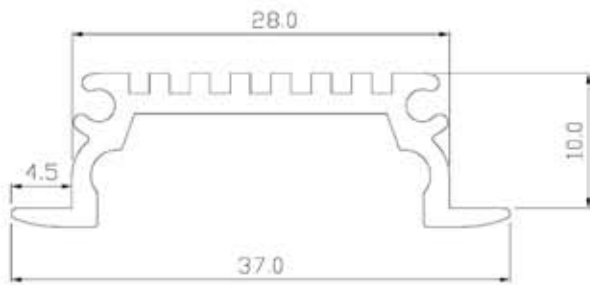

Mellow Light has a group of knowledgeable specialists and technicians who are trained in all aspects of lighting systems. Their knowledge enables the business to offer thorough setup, maintenance, and repair services, guaranteeing the best performance and lifespan of the lighting items.

SLIM 35

Dimension

HOUSING

- * Materials : Extruded Aluminium
- * Diffuser : Premium high transmission anti-glare
- * Heat sink : Aluminium with high grade thermal conductive material
- * PCB : Aluminium
- * Finish : White / Black / Graphite grey
- * Length : Customised

ELECTRICALS

- * Driven with : 12V / 24V / CC driver
- * Input voltage : 220v - 240v / 50-60 Hz
- * Dimming : Non Dim, Phase cut , Analogue , Dali
- * Driver protection : Short circuit, Surge

LED

- * BRIDGELUX - OSRAM
- * CRI > 80
- * Lumens : 120-140 lm /w
- * CCT : 3000k-4000k-5000k-6500k
- * life span : 35000 hrs
- * **Dimmable - Tunable**

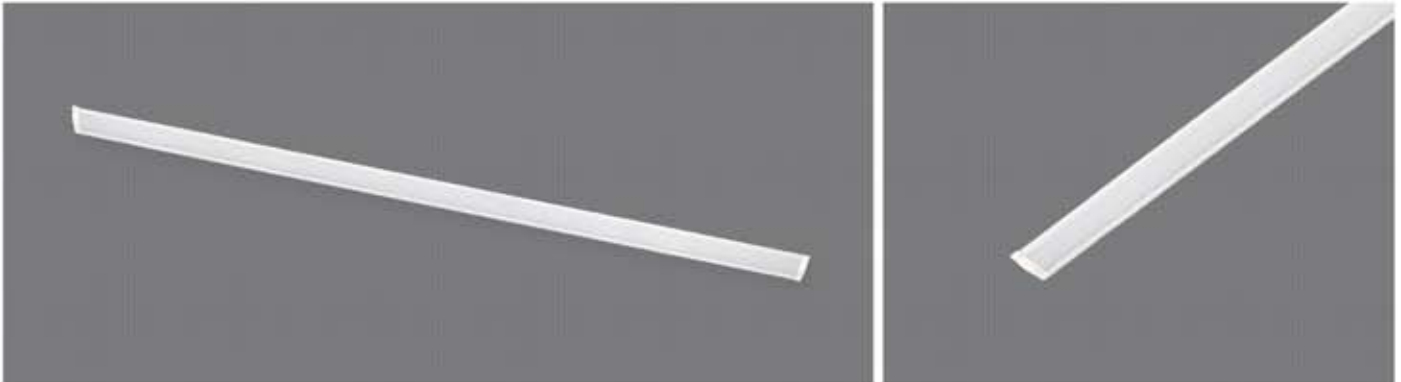

Installation

SLIM 35

LINEAR

6W / 10W / 12W per ft..

CCT : 3000k / 4000k / 5000k / 6500k

Dimmable - Tunable 

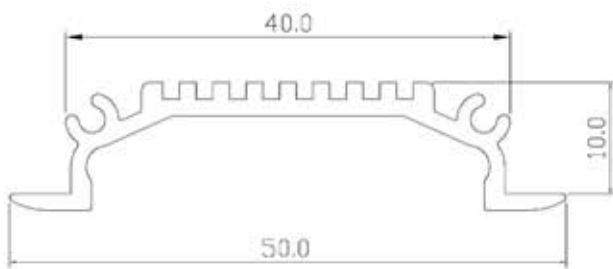

- * Flat 10mm low deep recessed luminaire
- * No Need to cut any ceiling support for installation
- * Soothing pure light in uniform dotless illumination
- * The luminaire stand out for its low construction hight with required luminous flux
- * Ideal for residence, office, malls, corporate park , showrooms
- * Press fit diffuser for easy maintenance
- * Mounting on simple toggle system or direct screw fixing, Easy to install
- * Customised length and concept possible.

- * Great combination of multiple light source with great shape of luminaire.
- * The luminaires open up new creative options for lightning design in many areas of architecture.
- * The multifaceted luminaire is mainly design to create multiple atmosphere in interior and suit the sensibilities of individual users.
- * Circle plus 80 create bridge to future culture..
- * Customised implement of light source possible.
- * Adjustable toolless wire suspension system.
- * Various length available.

CIRCLE 80 PLUS UP DOWN

Dimension

HOUSING

- * Materials : Extruded Aluminium
- * Diffuser : Premium high transmission anti-glare
- * Heat sink : Aluminium with high grade thermal conductive material
- * PCB : Aluminium
- * Finish : White / Black / Graphite grey
- * Length : Customised

ELECTRICALS

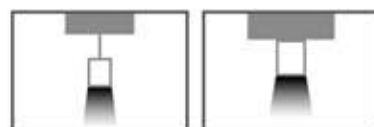

- * Driven with : 12 V / 24 V / CC driver
- * Input voltage : 220v - 240v / 50-60 Hz
- * Dimming : Non Dim, Phase cut , Analogue , Dali
- * Driver protection : Short circuit, Surge

LED

- * BRIDGELUX - OSRAM
- * CRI > 80
- * Lumens : 120-140 lm /w
- * CCT : 3000k-4000k-5000k-6500k
- * **Dimmable - Tunable**
- * life span : 35000 hrs

Installation

CIRCLE 80 PLUS UP DOWN

LINEAR DOWN SIDE

10w / 20w
3000k / 4000k / 5000k / 6500k
Dimmable - Tunable

LASER

10w / 15w
3000k / 4000k / 6500k

LINEA UP SIDE

6w / 10w
3000k / 4000k / 6500k
Dimmable - Tunable

TRACK

6w / 10w
3000k / 4000k / 6500k
Dimmable - Tunable

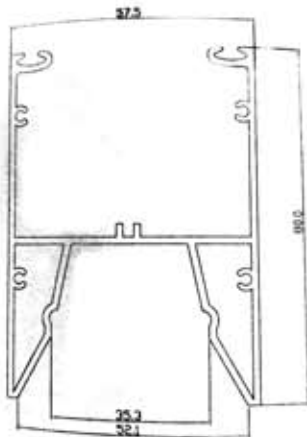

- * Up-Down suspended circle luminaire with options of Luminaire, laser and track spot.
- * Providing complete homogeneous illumination with direct-indirect light with multiple light source for great ambience and smooth lighting.
- * The multifaceted luminaire is mainly design to create multiple atmosphere in modern interior.
- * Its create bridge to future culture. innovative lighting solutions.
- * It delivers a beautiful apperance and is also perfect for wide range of applications.
- * Innovative lighting for Corporate offices, Open space, Director Areas, Showroom
- * Costumised length and concepts available.

TIEF PLUS 55

Dimension

HOUSING

- * Materials : Extruded Aluminium
- * Diffuser : Premium high transmission anti-glare
- * Heat sink : Aluminium with high grade thermal conductive material
- * PCB : Aluminium
- * Finish : White / Black / Graphite grey
- * Length : Customised

LED

- * BRIDGELUX - OSRAM
- * CRI > 80
- * Lumens : 120-140 lm / w
- * CCT : 3000k-4000k-5000k-6500k
- * **Dimmable - Tunable**
- * life span : 35000 hrs

ELECTRICALS

- * Driven with : 12 V / 24 V / CC driver
- * Input voltage : 220v - 240v / 50-60 Hz
- * Dimming : Non Dim, Phase cut , Analogue , Dali
- * Driver protection : Short circuit, Surge

Installation

TIEF PLUS 55

LINEAR

10w / 20w
3000k / 4000k / 5000k / 6500k
Dimmable - Tunable

TRACK SPOT

6W / 10W
3000k / 4000k / 6500k
Dimmable - Tunable

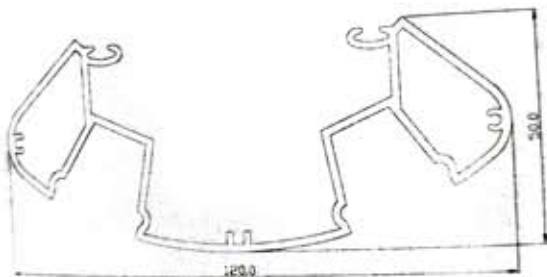

- * Deep Recessed suspended surface linear with combination of linear light and moveable track spot.
- * TIEF Plus 55 illuminate glare reduction light due to offset differer in anti glare materials.
- * The result is a comfortable and productive work environment that will help your team stay focused and motivated throughout the day.
- * A suspended luminaire that gives more then "just" light.
- * Linear gives you equal working light and track spot help to create classy ambience in working place.
- * Dimmable-Tunable are the smart and ittelligent features of modern lighting.
- * Wide beam light ensure a high degree of visual comfort.
- * Provision of inbuilt driver.
- * Mounted on toolless adjustable wires.
- * Costumised length available.
- * Costumised implements of light sources possible as per requirement.

EYE PLUS 120

Dimension

HOUSING

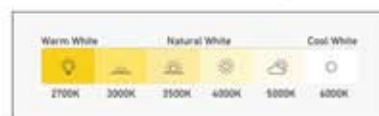

- * Materials : Extruded Aluminium
- * Diffuser : Premium high transmission anti-glare
- * Heat sink : Aluminium with high grade thermal conductive material
- * PCB : Aluminium
- * Finish : White / Black / Graphite grey
- * Length : Customised

ELECTRICALS

- * Driven with : 12 V / 24 V / CC driver
- * Input voltage : 220v - 240v / 50-60 Hz
- * Dimming : Non Dim, Phase cut , Analogue , Dali
- * Driver protection : Short circuit, Surge

LED

- * BRIDGELUX - OSRAM
- * CRI > 80
- * Lumens : 120-140 lm /w
- * CCT : 3000k-4000k-5000k-6500k
- * **Dimmable - Tunable**
- * life span : 35000 hrs

Installation

EYE PLUS 120

LINEAR

6W / 10W / 12W
3000k / 4000k / 5000k / 6500k
Dimmable - Tunable

MOOVEBLE TRACK SPOT

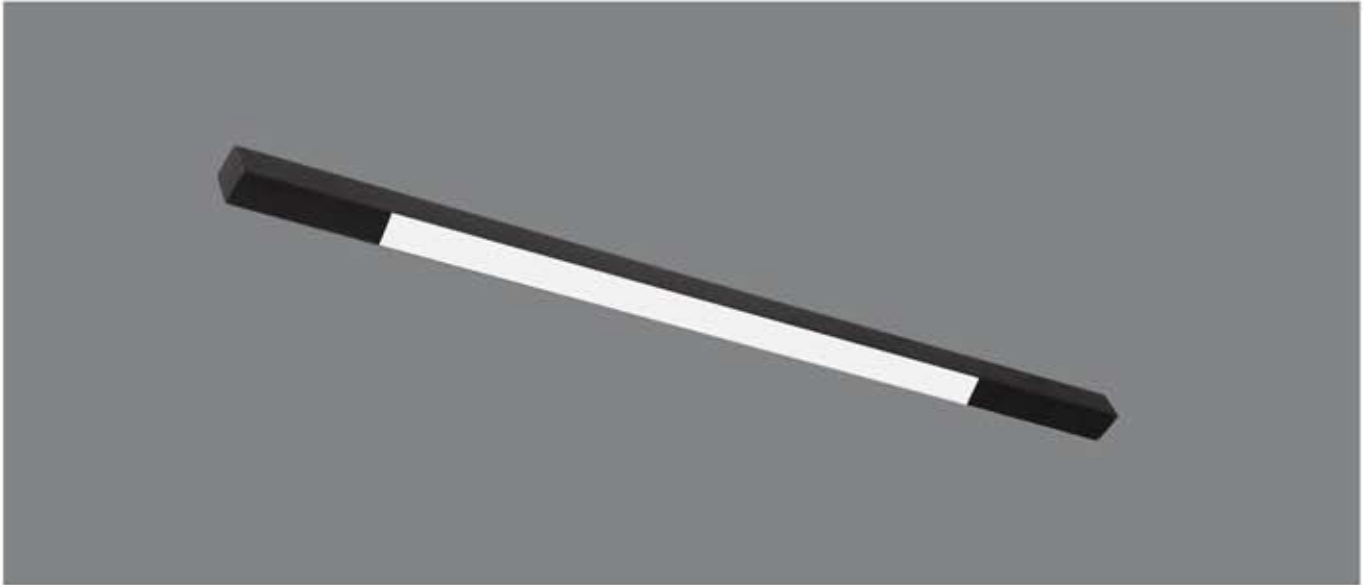

6W / 10W
3000k / 4000k / 6500k
Dimmable - Tunable

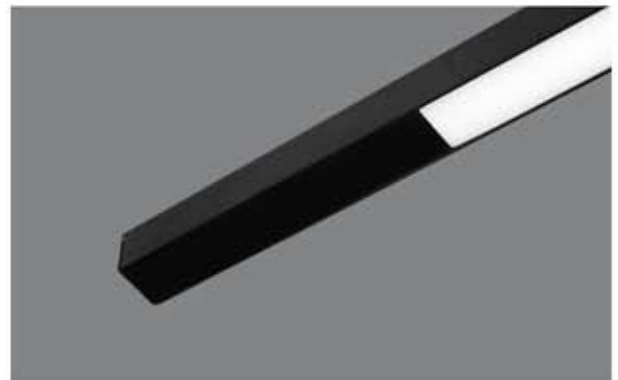

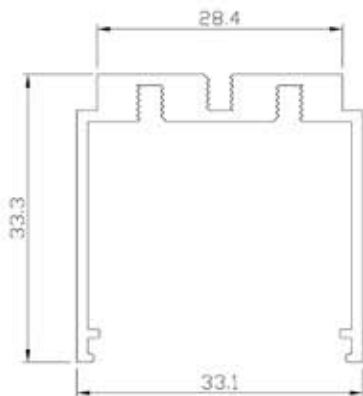

- * Two way direct light distribution version with options of linear light and moveable track spot
- * Eye Plus 120 delivers more light in case of office lighting version which means you can illuminate longer area while using few lines of lights.
- * The suspended luminaires is the perfect lighting solutions for Open-plan office by combining linear and moveable track spot.
- * Inbuilt drivers it delivers a beautiful appearance and also perfect for wide range of application.
- * Light never so beautiful
- * First class lighting and ultra class design. Each product has its own unique development story.
- * Suspended on adjustable wire suspension.
- * Various length available as per require.
- * Ideal for corporate offices, showrooms, malls.
- * Customised implements of light sources possible as per requirement.

SURF 30

Dimension

HOUSING

- * Materials : Extruded Aluminium
- * Diffuser : Premium high transmission anti-glare
- * Heat sink : Aluminium with high grade thermal conductive material
- * POB : Aluminium
